Introduction	Extreme power without relying on compressed air: up to 4,000 Nm for heavy-duty work on heavy trucks.
Text	Designed for demanding jobs, this 40V brushless impact wrench delivers up to 4,000 Nm when loosening and 3,200 Nm when tightening. Its 1" drive and capacity up to M42 make it a solution particularly well-suited for heavy-duty applications. Its auto-stop mode provides greater control: when loosening, the tool slows down once the fastener is unscrewed to minimize loss; when tightening, it stops when maximum torque is reached. Comes in a carrying case with 4 8Ah batteries and a 4A dual charger. Up to 290 M32 bolts per charge (approximate value)
