Common rail plugs kit

Reference : AC 0802

Item name	Common rail plugs kit
Bar code	3700461498572
Introduction	Identifies the faulty injector by isolating it on the rail.
Text	This kit, used in conjunction with the digital pressure tester and the high-pressure fuel kit, closes the injectors' fuel inlet directly on the common rail. The aim of this operation is to identify whether or not an injector is leaking.
