

Ratchet windshield cutter

Reference : OC 6498

Item name Ratchet windshield cutter

Bar code 3700461400070

Text Thanks to its nylon thread, this single-suction pump kit enables windshields to be removed without damaging the seals, so there's no need to dismantle them. The seal is cut by pulling a wire (or cable) activated by a ratchet system. Thanks to its compact size, this suction pad can be used on windshields, rear windows and rear quarter windows. Easy to use, it enables rapid intervention (a few minutes) by a single operator, with no physical effort required.

This tool has been approved by a large number of vehicle manufacturers.

Product highlight 1 single operator and effortless cutting

Specifications Specifications :
