

3/8" double hex insulated socket 14mm

Reference : OE 0237

Item name 3/8" double hex insulated socket 14mm

Bar code 3700461406072

Text This socket is specifically designed for use on hybrid and/or electric vehicles. In order to guarantee an optimal comfort of use, the insulation around the socket is as thin as possible while guaranteeing a good grip and a good adhesion with gloves.
The double layer of insulation in two different colors makes it possible to identify at a glance if the insulation (orange color) is damaged and therefore rendered unusable.
This socket is electrically insulated, tested to 10000 V and approved to 1000 V AC.

Warranty period lifetime

Recesses Double Hex female

Voltage 1000V

Length (mm) 48 mm

Width 24 mm

Recesses size 14mm

Tariff code Tariff Normal (TN)

Drive 3/8"
