

## 3/8" DOUBLE HEX INSULATED SOCKET 15mm

Reference : OE 0238

Item name	3/8" DOUBLE HEX INSULATED SOCKET 15mm
EAN code	3700461406089
Text	This socket is specifically designed for use on hybrid and/or electric vehicles. In order to guarantee an optimal comfort of use, the insulation around the socket is as thin as possible while guaranteeing a good grip and a good adhesion with gloves. The double layer of insulation in two different colors makes it possible to identify at a glance if the insulation (orange color) is damaged and therefore rendered unusable. This socket is electrically insulated, tested to 10000 V and approved to 1000 V AC.
Warranty period	lifetime
Recesses	Double Hex female
Tension	1000V
Length	48.00 mm
Width	25.00 mm
Recesses size	15mm
