

3/8" DOUBLE HEX INSULATED SOCKET 8mm

Reference: OE 0231

Item name 3/8" DOUBLE HEX INSULATED SOCKET 8mm

EAN code 3700461406010

Text This socket is specifically designed for use on hybrid and/or electric vehicles. In order to

guarantee an optimal comfort of use, the insulation around the socket is as thin as

possible while guaranteeing a good grip and a good adhesion with gloves.

The double layer of insulation in two different colors makes it possible to identify at a glance if the insulation (orange color) is damaged and therefore rendered unusable. This socket is electrically insulated, tested to 10000 V and approved to 1000 V AC.

Warranty period lifetime

Recesses Double Hex female

Tension 1000V

Length 45.00 mm

Width 21.00 mm

Recesses size 8mm
