# Premium insulated side cutters

Reference : OE 0528

| | |
|---|---|
| **Item name** | Premium insulated side cutters |
| **Bar code** | 3700461407017 |
| **Introduction** | Insulated cutting pliers 1000V. |
| **Text** | These pliers are specifically designed for use on hybrid and/or electric vehicles. To ensure optimum user comfort, the insulation around the pliers' handle is as thin as possible, while guaranteeing a good grip and good adhesion with gloves.<br>The double layer of insulation, in 2 different colors, makes it possible to identify at a glance if the insulation (orange color) is damaged and therefore rendered unusable.<br>The pliers are electrically insulated, tested to 10000 V and approved to 1000 V AC. |
| **Product highlight** | Safety: wear indicator<br>Lifetime warranty |
| **Specifications** | Specifications:<br>- Standards: NF EN 60900 / IEC 60900 / NF ISO 5743 / NF ISO 5744 / NF ISO 5745<br>- Cutting edge hardness: 60 HRC<br>- Cutting action: axial cut<br>- Jaw interior: grooved<br>- Cutting capacity: Medium-hard steel wire (160 kg/mm²): Ø1.6 mm<br>- Cutting capacity: Hard steel wire (200 kg/mm²): Ø1.8 mm<br>- high-performance steel: chrome-vanadium<br>- the thickness of the insulating layers is determined based on the weight of the tools to ensure optimal durability.<br>- The tools are designed to withstand extreme temperatures ranging from -20 to +70°C |

| | |
|---|---|
| | - Each tool is tested at 10,000 V AC and approved for 1,000 V AC for use on low-voltage networks.<br>- Multiple inspections are conducted at each stage of production in addition to the mandatory IEC 60900 tests. |
| **Advice** | WARNING:<br>- when the second layer (red) is visible it means that the insulating layer (orange) is damaged = DANGER |
| **Warranty period** | lifetime |
| **Voltage** | 1000V |
| **Length (mm)** | 175 mm |
| **Product weight (kg)** | 0.28 kg |
| **Tariff code** | Tariff Normal (TN) |
| **Warranty Procedure** | EASY |
