

Premium insulated side cutters

Reference : OE 0528

Item name Premium insulated side cutters

Bar code 3700461407017

Introduction Insulated cutting pliers 1000V.

Text These pliers are specifically designed for use on hybrid and/or electric vehicles. To ensure optimum user comfort, the insulation around the pliers' handle is as thin as possible, while guaranteeing a good grip and good adhesion with gloves.

The double layer of insulation, in 2 different colors, makes it possible to identify at a glance if the insulation (orange color) is damaged and therefore rendered unusable.

The pliers are electrically insulated, tested to 10000 V and approved to 1000 V AC.

Product highlight Safety: wear indicator
Lifetime warranty

Specifications Specifications :

- standard: NF EN 60900 / CEI 60900 / NF ISO 5743 / NF ISO 5744 / NF ISO 5745
- cutting edge hardness: 60HRC
- cutting edge: axial cut
- inside jaws: serrated
- cutting capacity: 160 kg/mm² medium-hard steel wire: Ø1.6mm
- cutting capacity: hard steel wire 200 kg/mm²: Ø1.8mm
- high-performance steel: chrome-vanadium
- the thickness of the insulating layers is determined by the weight of the tools to ensure optimum resistance.
- tools are designed to withstand extreme temperatures from -20 to +70°C

- each tool is tested to 10,000V AC and approved to 1000V AC for use on low-voltage networks.
- several controls at each stage of production, in addition to IEC 60900 standard controls.

Advice

WARNING:

- when the second layer (red) is visible it means that the insulating layer (orange) is damaged = DANGER

Warranty period	lifetime
Voltage	1000V
Length (mm)	175 mm
Product weight (kg)	280 kg
Tariff code	Tariff Normal (TN)
