Premium insulated universal pliers

Reference : OE 0529

Item name	Premium insulated universal pliers
Bar code	3700461407154
Introduction	Premium insulated 1000V multi-purpose pliers (clamping, bending, cutting).
Text	The 2 insulating layers are color-coded to allow visual inspection of the entire tool to confirm its suitability for use in an electrical environment, as recommended by UTE18-510 and IEC 60900. WHEN THE ORANGE LAYER IS DAMAGED AND THE RED LAYER IS VISIBLE = DANGER. - The thickness of the insulating layers is determined by the weight of the tools to ensure optimum resistance. - Tools are designed to withstand extreme temperatures from -20 to +70°C. - Each tool is tested to 10,000V AC and approved to 1000V AC for use on low-voltage networks. - Several checks at every stage of production, in addition to IEC 60900 standard checks.
Product highlight	Safety: wear indicator Lifetime warranty
Specifications	Specifications: - Standards: NF EN 60900 / IEC 60900 / NF ISO 5743 / NF ISO 5744 / NF ISO 5746 - Cutting capacity: Medium-hard steel wire, 160 kg/mm²: Ø 1.6 mm - Length: 185 mm - Induction hardening of the cutting edges ensures long-lasting jaws

- Cutting edge hardness: 60 HRC
- Chrome-plated finish for superior corrosion protection achieved through a series of 5 baths
- No axial play ensures perfect alignment of the cutting edges, guaranteeing optimal cutting quality
