T30 1000V premium insulated Torx screwdrivers

Reference : OE 0561

Item name	T30 1000V premium insulated Torx screwdrivers
Bar code	3700461407024
Introduction	A time-saving screwdriver.
Text	The screwdriver has a perfectly round handle end, providing the user with excellent grip and working comfort. This end of the handle is also rotatable, which facilitates approach tightening: the rotating ball of the handle is held in the palm and the fingers control the rotation. Thanks to a precision-turned blade, there is no extra thickness of insulation on the upper part of the blade to allow access to screws housed in fine shafts.
Product highlight	Rotating handle end
Specifications	Specifications: - Standards: EN 60900 / IEC 60900 / ISO 2380-1 / ISO 8764-1. - Blade: High-performance hardened steel: chromium-molybdenum. - Construction: Insulation sleeve integrated with the handle, directly injection-molded onto the blade. - Dimensions: L.225mm
Warranty period	lifetime
Recesses	Torx
Voltage	1000V

Length (mm)	225 mm
Width	6 mm
Recesses size	T30
Tariff code	Tariff Normal (TN)
Warranty Procedure	EASY
