

## Free-standing bearing kit for aluminium hubs

Reference : OM 8035

<b>Item name</b>	Free-standing bearing kit for aluminium hubs
<b>Bar code</b>	3700461407611
<b>Introduction</b>	<p>This kit has been specially designed for dismantling hubs and bearings on VAG multi-spoke axles.</p> <p>Suitable for double compact bearings where the hub and bearing must be removed first. No need to remove the stub axle!</p>
<b>Text</b>	<p>The steel bearing is usually extremely tightly packed into the Aluminum axle body, making disassembly considerably more difficult.</p> <p>When using an inertia hammer, there is a risk of damaging suspension parts. In addition, micro-cracks in the Aluminum body can lead to breakage.</p> <p>With this special tool, components can be carefully removed directly from the vehicle.</p> <p>Features :</p> <ul style="list-style-type: none"><li>- bearing removal</li><li>- free-standing and removal of hubs</li></ul>
<b>Specifications</b>	1/2 drawer format
<b>Applications</b>	<p>Applications :</p> <ul style="list-style-type: none"><li>- Audi: A4 (2000-), A5 (2007-), A6 (1997-), A7 (2010-), A8 (1994-), Q5 (2008-), R8 (2007-)</li><li>- Seat Exeo (2008-)</li><li>- VW Passat (2003-)</li></ul>

**Warranty period** 5 years  
**Tariff code** Tariff Normal (TN)
