

GAS SUCTION ON RAIL - 2 CARTS 16M

Reference : AG 0047

Item name	GAS SUCTION ON RAIL - 2 CARTS 16M
EAN code	3701555301365
Intro	Specially designed to work on different workshop stations.
Text	<p>The rail is produced with a modular aluminum extruded profile equipped with a double rubber lip for easy installation and extraordinary wear resistance.</p> <p>The rail is equipped with two sliding tracks outside the suction chamber to maintain the sliding elements over time.</p> <p>The lightness combined with the rigid structure of the profile facilitates installation and guarantees optimal results for an easy extraction of the exhaust gases.</p> <p>The equipment allows to work in a healthy environment without inhalation of exhaust gases and in compliance with the safety standards at work.</p>
Product highlight	Maneuverability
Specifications	<p>Specifications:</p> <ul style="list-style-type: none">- length 16m- galvanized steel structure- epoxy paint (grey RAL 7040)- 2X7,5m of pipe Ø100mm (-40° to +200°) in high temperature EPDM vulcanized fabric on both sides- delivery: Ø 160mm- power supply: 400V Tri- motor power: 1,0cv, 0.75KW, 50HZ, 1.7A- max flow: 2X450m³/h

- noise level: 68dB
- thermal protection switch
- exhaust nozzle equipped with an anti-intrusion grid, a vice grip, a gas suction shutter and an access for the opacimeter probe

Many options available, please consult us.

Warranty period	2 years
Vehicle type	LV
Decibel level	68.00 dB
Tension	400V
Diameter	100.00 mm
Air flow rate	450
Tariff code	Tariff Equipment (TE)

***Public price Exl. Tax : €8,185.00**
