

9kg inertial mass with shock absorption

Reference : OM 0022

Item name	9kg inertial mass with shock absorption
Bar code	3701555306490
Text	<p>Designed for extracting the most stubborn parts, e.g. constant velocity joints (transmission bowls), hubs, as well as for many bodywork straightening jobs.</p> <p>Due to the technical nature of the mass, it prevents it from rebounding when struck.</p> <p>The intensity of the impact is considerably reduced, as the force is transmitted directly to the struck element. The result is a more comfortable working environment for the user.</p>
Product highlight	No rebound
Specifications	<p>Specifications :</p> <ul style="list-style-type: none">- weight 9kg- total length 770mm- adapter thread M18x1.5 / M22x2.0
Warranty period	5 years
Product weight (kg)	9 kg
Tariff code	Tariff Normal (TN)
Product range	Approved by SNR
Warranty Procedure	EASY

5
WARRANTY

TN
