9kg inertial mass with shock absorption

Reference : OM 0022

Item name	9kg inertial mass with shock absorption
Bar code	3701555306490
Text	Designed for extracting the most stubborn parts, e.g. constant velocity joints (transmission bowls), hubs, as well as for many bodywork straightening jobs. Due to the technical nature of the mass, it prevents it from rebounding when struck. The intensity of the impact is considerably reduced, as the force is transmitted directly to the struck element. The result is a more comfortable working environment for the user.
Product highlight	No rebound
Specifications	Specifications : - weight 9kg - total length 770mm - adapter thread M18x1.5 / M22x2.0
Warranty period	5 years
Product weight (kg)	9 kg
Tariff code	Tariff Normal (TN)
Product range	Approved by SNR
Warranty Procedure	EASY
