

Cylinder leak tester

Reference : AC 0816

Item name Cylinder leak tester

Bar code 3701555306599

Introduction The automotive market is changing, and the trend is towards smaller engines generating the same power. This gives rise to a number of problems: even small differences in cylinder tightness can strongly affect the behavior of these engines. This makes cylinder leak testing a must!

Text Connects either directly to the universal pressure tester ref. AC 0800 or to the manometer included in the kit.
Ideal for warranty and traceability purposes, thanks to the ability to save and print test reports. (When used with AC 0800)
The leak test will quickly tell you what the problem is (intake, exhaust, segmentation).
