Universal top cup

Reference : OP 2029

Item name	Universal top cup
Bar code	3701555306605
Introduction	This cup can be used to compress shock absorbers with few coils, or where the coils are very close together, making it impossible to insert the cab's upper jaw.
Text	Adaptable to a wide range of applications, thanks to a rotating plate with holes and machining for universal use. If the damper has a small number of coils, this allows precise adjustment and perfect tensioning. Assembly and disassembly operations are considerably simplified.
