

MOTORIZED WINDSHIELD CUTTING KIT

Reference : OC 1402

Item name	MOTORIZED WINDSHIELD CUTTING KIT
Bar code	3701555307367
Introduction	Electrically-assisted cutting system for all types of glazing by a single operator.
Text	<p>This tool allows you to work effortlessly on your own, thanks to its electric power-assist system. It cuts all types of windscreen efficiently and effortlessly.</p> <p>This makes it possible to remove "encapsulated" glass (windscreen, rear window, rear quarter) without damaging the seal or the support.</p> <p>The risk of touching the windshield and its trim is reduced, guaranteeing fast, precise and, above all, effortless work thanks to the 12V Engine, which is connected to the vehicle's power supply. What's more, thanks to its wireless remote control, the operator retains control over all cutting stages, both inside and outside the vehicle.</p>
Product highlight	No effort required for cutting
Contents	<p>Contents :</p> <ul style="list-style-type: none">- Engine with suction cup, powered via standard socket (12v cigarette-lighter, 1.7m long) supplied- wireless remote control (for viewing and controlling wire tension)- suction cup with attachment hook (to be positioned on the outside of the glazing)- suction cup with return pulley (to be positioned inside the vehicle)- spool of nylon thread
