

Phillips insulated N2 6x125 screwdriver 1000V premium

Reference : OE 0781

Item name	Phillips insulated N2 6x125 screwdriver 1000V premium
Bar code	3701555308869
Introduction	A time-saving screwdriver.
Text	<p>The screwdriver has a perfectly round handle end, providing the user with excellent grip and working comfort. This end of the handle is also rotatable, which facilitates approach tightening: the rotating ball of the handle is held in the palm and the fingers control the rotation.</p> <p>Thanks to a precision-turned blade, there is no extra thickness of insulation on the upper part of the blade to allow access to screws housed in fine shafts.</p>
Product highlight	Rotating handle end
Specifications	<p>Specifications :</p> <ul style="list-style-type: none">- standard: EN 60900 / IEC 60900 / ISO2380-1 / ISO8764-1.- blade: high-performance hardened steel: chrome molybdenum.- treatment: insulation sheath integral with the handle, injected directly onto the blade.- size: L.125mm
