

## Phillips insulated N4 10x200 screwdriver 1000V premium

Reference : OE 0783

<b>Item name</b>	Phillips insulated N4 10x200 screwdriver 1000V premium
<b>Bar code</b>	3701555308883
<b>Introduction</b>	A time-saving screwdriver.
<b>Text</b>	<p>The screwdriver has a perfectly round handle end, providing the user with excellent grip and working comfort. This end of the handle is also rotatable, which facilitates approach tightening: the rotating ball of the handle is held in the palm and the fingers control the rotation.</p> <p>Thanks to a precision-turned blade, there is no extra thickness of insulation on the upper part of the blade to allow access to screws housed in fine shafts.</p>
<b>Product highlight</b>	Rotating handle end
<b>Specifications</b>	<p>Specifications :</p> <ul style="list-style-type: none"><li>- standard: EN 60900 / IEC 60900 / ISO2380-1 / ISO8764-1.</li><li>- blade: high-performance hardened steel: chrome molybdenum.</li><li>- treatment: insulation sheath integral with the handle, injected directly onto the blade.</li><li>- size: L.200mm</li></ul>
