

PORTABLE EV CHARGER T2 3.6kW 5m

Reference : OE 2046

Item name PORTABLE EV CHARGER T2 3.6kW 5m

EAN code 3701555310091

Intro

Fast and stable home charger for electric vehicles with a total length of 5 meters. Maximum charging power 3.6 kW

The design has been thought to simplify the charging of the vehicle as much as possible. The indicator light on the plug shows you the charging status of the car. It lights up during charging and goes out when the charge is complete. Advanced technology automatically corrects charging errors and ensures a stable program.

Tested to meet certification requirements such as: CE, FCC, RoHS and TUV, it is also IP66 rated to provide strong water and dust resistance for outdoor charging in all weather conditions.

This charger also has surge, overload, short circuit, leakage, grounding circuit, overload and lightning strike protections.

Specifications

Specifications:

- IP66: water and dust proof
- IK 10: resists the shock of a 5kg mass falling from 40cm.
- plugs: type 2 & type E
- max output current: 16 A.
- switchable current: 10A, 13A and 16A.
- total length: 5M.

Warranty period 2 years

IP IP66

Power 3700W

LED quantity 1.00
