

Pneumatic injector puller

Reference : OP 9110

Item name	Pneumatic injector puller
Bar code	3701555312118
Text	<p>This device has been designed to extract the most recalcitrant injectors from common-rail diesel engines.</p> <p>Thanks to its pneumatic cylinder, all you have to do is let it do the work, after assembling and securing it to the injector to be extracted.</p> <p>Designed to hammer up and down at high speed to remove jammed or seized injectors. The tool requires a regulated working pressure of 5 - 8 Bar (<100L/min). Suitable for : Bosch, CAT, Cummins, Denso and many others.</p>
Specifications	<p>Specifications :</p> <ul style="list-style-type: none">- max. cylinder height: 150mm- min. cylinder height: 135mm- overall hose length: 780mm- regulated working pressure from 5 - 8 Bar (<100L/min)
Contents	<p>Contents :</p> <ul style="list-style-type: none">- 19 pieces (screws and adapter) M8/M10/M12/M14/M15/M17/M19- 1 hose- 1 pneumatic cylinder
