Pneumatic injector puller

Reference : OP 9110

Item name	Pneumatic injector puller
Bar code	3701555312118
Text	This device has been designed to extract the most recalcitrant injectors from common-rail diesel engines. Thanks to its pneumatic cylinder, all you have to do is let it do the work, after assembling and securing it to the injector to be extracted. Designed to hammer up and down at high speed to remove jammed or seized injectors. The tool requires a regulated working pressure of 5 - 8 Bar (<100L/min). Suitable for : Bosch, CAT, Cummins, Denso and many others.
Specifications	Specifications: - max. cylinder height: 150mm - min. cylinder height: 135mm - overall hose length: 780mm - regulated working pressure from 5 - 8 Bar (<100L/min)
Contents	Contents: - 19 pieces (screws and adapter) M8/M10/M12/M14/M15/M17/M19 - 1 hose - 1 pneumatic cylinder
Warranty period	2 years
