Extended key 32-33mm 3 extensions

Reference : OM 0405

Item name	Extended key 32-33mm 3 extensions
Bar code	3701555313351
Introduction	This extension wrench with modular extensions provides greater leverage to make tightening difficult fasteners easier. Its 32/33 mm head is ideal for working on wheels.
Text	Thanks to its modular extension system, this extension wrench can be used on fasteners subject to high stress. The wrench head incorporates two socket sizes (32 mm and 33 mm), covering the most common standards for wheel tightening. The sturdy design of the whole unit ensures efficient force transmission, while offering ergonomics suited to field and workshop use. The tool is particularly recommended for situations where nut access or strength requires a greater lever arm than that of a standard wrench.
Contents	Contents: - 1 wrench with fixed sockets measuring 32 mm and 33 mm - 3 telescoping extensions
Warranty period	2 years
Recesses	Hex female
Tariff code	Tariff Normal (TN)
Warranty Procedure	EASY
