

## T-wand 200 diagnostic tool

Reference : AD000TKTG3

**Item name** T-wand 200 diagnostic tool

**Bar code** 3701555314501

**Introduction** TPMS range :  
Integrated TPMS activation, programming and relearning function!

Only available in France and French overseas departments and territories.

**Text** THINKCAR T-Wand 200 is an improved version of THINKTPMSG1 with a more sensitive antenna. Smaller and easier to carry. THINKCAR T-Wand 200 works with the THINKTOOL series to provide a complete professional TPMS (tire pressure monitoring system) service, enabling integrated TPMS sensor activation, programming and re-learning function.

THINKCAR T-Wand 200 can activate the TPMS sensor to display sensor data such as sensor ID, pressure, frequency, temperature and battery status.

3 programming modes (315MHz and 433MHz):

- 1- automatic ID creation
- 2- manual ID creation
- 3- copy creation

Support for tire pressure fault diagnostics includes DTC reading and erasing, live data streaming and more.

- read codes

- erase codes
- read real-time data

Product available for sale in France only

### Specifications

- Specifications :
