Reference : OE 0179

Item name	Rechargeable ramp 1200lUMENS
Bar code	3701555315263
Introduction	With its 1,200 lumens, the OE 0179 provides powerful, even lighting from the engine compartment to the passenger compartment.
Text	High-performance luminous flux (1200 Lumens): Ultra-powerful lighting ensures perfect visibility over the entire chassis, eliminating shadow areas for accurate diagnosis. Wireless freedom: Rechargeable battery operation eliminates the need for bulky cables and the risk of tripping or short-circuiting under the vehicle. Long-lasting autonomy: optimized energy management to cover extended interventions without loss of light intensity. Versatile & expandable mounting: adjustable, magnetic brackets for quick installation on any type of lift or under the engine hood. Robust CLAS range: high-resistance materials designed to withstand oil splashes, solvents and rough handling in the workshop. Work comfort: Wide, even light distribution reduces visual fatigue during long operations.
