Cable reels 3x2,5mm2 20m

Reference : OE 0428

Item name	Cable reels 3x2,5mm2 20m
Bar code	3701555315386
Introduction	Bring power to the heart of your workshop with the OE 0428, the premium cable reels from the CLAS range. With an exceptional range of 20 meters and a cable cross-section of 2.5mm², this tool is designed to supply your most energy-hungry equipment without loss of voltage, even over long distances. It's the assurance of reliable, safe and durable electrical distribution for demanding professionals.
Text	Superior cable cross-section (3x2.5mm²): Unlike standard models, this cross-section can withstand high currents and limit voltage drops, making it ideal for welding equipment, portable compressors or power tools. Extended Action Radius (20 m): A 20-meter cable length for total freedom of movement throughout the workshop, enabling work to be carried out far from the power source without additional extension cords. CLAS retraction mechanism: reinforced automatic retraction system with high-precision cable guide for smooth, knot-free storage, designed for intensive daily use. Active Safety: Equipped with a thermal safety circuit breaker to protect the reel and your tools from accidental overload. Ultra-Robust Industrial Housing: High-density protective shell resists shocks and splashes of fluids, ensuring long cable and mechanism life in harsh environments. 180° installation: reinforced, swiveling wall-mounting bracket to support the technician's every move without straining the cable.
Product highlight	Automatic cable distribution during winding

Specifications	Specifications: - 3x2.5mm² HO7RN-F-20m+1m cable - capacity: 1000W-3000W - cable guide with automatic distribution/scanning - free stop at desired length - adjustable stop - 180° rotatable wall bracket - overtemperature and overvoltage protection -5°/+56° operating temperature - polypropylene housing - UV protection
Warranty period	2 years
Power	1000-3000W
Voltage	240V
More	Products with electrical plug
Cable length	20 m
Tariff code	Tariff Normal (TN)
Warranty Procedure	DIAGNOSTIC
