Rechargeable uv light

Reference : OE 0699

Item name	Rechargeable uv light
Bar code	3701555316031
Introduction	Expertise and precision: the OE 0699 is the essential tool for detecting complex leaks. Its powerful UV function instantly locates traces of tracer in air conditioning or cooling circuits.
Text	High-precision detection: UV wavelength optimized for effective tracer response, even in low-visibility areas. Premium CLAS design: Robust casing designed to withstand hydrocarbons and shocks (IK07), guaranteeing maximum reliability in intensive professional use. Ergonomics & Mounting: Magnetic base and swivel hook for "hands-free" use to manipulate components while keeping the UV beam focused on the suspect area. Rechargeable: long-life lithium battery ensures several complete diagnostic cycles without interruption.
