

Rechargeable uv light

Reference : OE 0699

Item name Rechargeable uv light

Bar code 3701555316031

Introduction Expertise and precision: the OE 0699 is the essential tool for detecting complex leaks. Its powerful UV function instantly locates traces of tracer in air conditioning or cooling circuits.

Text High-precision detection: UV wavelength optimized for effective tracer response, even in low-visibility areas.
Premium CLAS design: Robust casing designed to withstand hydrocarbons and shocks (IK07), guaranteeing maximum reliability in intensive professional use.
Ergonomics & Mounting: Magnetic base and swivel hook for "hands-free" use to manipulate components while keeping the UV beam focused on the suspect area.
Rechargeable: long-life lithium battery ensures several complete diagnostic cycles without interruption.
