

Electric arc protection helmet with retractable face shield

Reference : OE 0312

| | |
|--------------------------|---|
| Item name | Electric arc protection helmet with retractable face shield |
| Bar code | 3701555317298 |
| Introduction | Indispensable for all types of work involving electrical hazards. |
| Text | Face protection against thermal effects and flash (electric arc). Standards : - helmet: EN 397, EN 50365 (class 0), ANSI Z89.1 (class E) - shield: EN 166, EN 170, GS-ET-29 (class 1) |
| Product highlight | Compact, lightweight package |
| Specifications | Specifications : Helmet : - ABS shell, 4-point textile chinstrap, quick-release system - shock absorption and operating range from -30°C to +50°C - protection against molten metal splashes (MM) - protection against lateral deformation (LD) - protection against electric shock (Class 0), for operating voltage of 1000V (AC) / 1500V (DC) - head circumference adjustment: 53-63cm Display : - optical class 1 |

- UV protection (2C-1.2)
- medium-energy impact resistance
- protection against short-circuit arcing
- resistance to internal fogging
- protection against molten metal splashes
- obsolescence date: 5 years

Warranty period No warranty (consumable)
