Multi-control tool for tire and oil wear

Reference : ADTKEASY

Item name	Multi-control tool for tire and oil wear
Bar code	3701555318776
Introduction	Digitalize your receptions! This all-in-one connected diagnostic tool from the CLAS range instantly maps the health of the vehicle's major consumables: tires, engine oil, brake fluid, TPMS, as well as pressure taps (engine, oil, fuel). By generating a visual, factual report to present directly to the customer, it lends credibility to your expertise and secures the immediate sale of maintenance services.
Text	All-in-one check: checks tires (wear and pressure), TPMS sensors, engine oil, and brake fluid. TPMS Check: Reads sensor status, ID, pressure, temperature, and battery status. Fluid Analysis: Checks the condition of engine oil and brake fluid using the built-in optical sensor. Tire inspection: measures tread depth, detects differences in inner/outer wear, and checks tire pressure. Quick inspection: allows you to perform a vehicle assessment as soon as it arrives at the shop. Connected reporting: Results are transmitted via Bluetooth/Wi-Fi, and a color-coded

	report (Green/Orange/Red) is generated, making it easy to present to the customer. Ergonomic: Compact, one-handed operation, with a lithium battery and charging station.
Product highlight	TPMS, tire, oil, brake, pressure
Specifications	Specifications: - High-performance quad-core processor - 6.54-inch IPS touchscreen - 4 GB of RAM - 32 GB of storage - Wireless VCI - 8-megapixel rear camera
Warranty period	2 years
Tariff code	Tariff Equipment (TE)
Warranty Procedure	DIAGNOSTIC
Customer benefit	Justify to the customer through reports.
Dedicated telephone lines	Deux lignes dédiées aux produits THINKCAR : - Assistance technique « Outils » : +33(0)4 79 72 62 22 puis tapez "2" - Assistance « Diagnostic » (abonnement requis, nous contacter) : +33(0)1 74 05 63 06
