Introduction	Redefine your productivity standards with the OP 1604. The spearhead of the CLAS range, this 1/2" impact wrench delivers a colossal 1750Nm of torque. Designed for industrial use and the most demanding mechanics, it combines extreme loosening power with rock-solid reliability for workshops that tolerate no compromise.
Text	Maximum Striking Power (1750Nm): exceptional loosening torque for instant treatment of the most seized fasteners, even on utility and agricultural vehicles. Twin Hammer technology: Balanced striking system offering ultra-fast torque rise and increased stability on impact, reducing vibrations felt by the operator. Top-of-the-range CLAS design: Reinforced internal materials for superior durability in intensive use. Lightweight Composite Body: Optimized structure to reduce total tool weight, for perfect handling and reduced fatigue during repeated use. One-hand reverser: ergonomic control for changing direction of rotation without releasing the handle, for maximum speed of execution. Handle exhaust system: downward-directed airflow to prevent dust from splashing onto the work area and the technician's face.
