Deck ramp lamp

Reference : OE 0901

Item name	Deck ramp lamp
Bar code	3701555322964
Introduction	Thanks to its hooks and magnets, the OE 0901 adapts to any job—whether under the chassis, in the engine compartment, or around the wheels—while providing broad, even lighting.
Text	Wide-angle lighting: powerful, even light output (3000 Lumens) covering the entire underbody of the vehicle, with no shadows. Heavy-duty design: robust structure (IK07) suitable for workshop environments, resistant to fluid splashes and vibrations. Adaptable mounting: universal mounting system for fast, stable installation on most Post lifts on the market. Double hook and 360° infinitely adjustable. Operational safety: Low-energy lighting with dimmer switch that doesn't generate excessive heat, guaranteeing optimum working comfort for the technician. Premium Durability: Components selected for intensive use in dealerships and technical centers, in line with CLAS quality standards. The CLAS advantage: Unlike add-on solutions, the OE 0901 provides fixed, long-lasting lighting that frees up the operator's hands. It's the essential investment for improving diagnostic quality and speed of execution on ground liaison stations.
Product highlight	3,000 LM and rotates 360°
Specifications	Specifications: - 30W COB LED lighting

- brightness: 500/3000 lumens
- 6500K
- dimmable
- runtime: 2 to 8 hours
- charging time: 3 hours
- charge indicator
- battery: 7.4V Li-ion - 2600mAh
- charging: USB-C
- IP44 / IK07 protection
- mounting: dual hooks + dual 360° rotating magnets
- Dimensions: 39x47x520mm
- Weight: 480g
- Center-to-center distance between magnets: 420mm (handles folded)

Warranty period 2 years

IP IP44

Tariff code Tariff Normal (TN)
