

Deck ramp lamp

Reference : OE 0901

Item name Deck ramp lamp

Bar code 3701555322964

Introduction Optimize the lighting of your underlift work area with the OE 0901. This high-performance ramp is specifically designed to provide constant, all-round visibility, transforming every undercarriage intervention into a safe, precise operation.

Text

Wide-angle lighting: powerful, even light output (3000 Lumens) covering the entire underbody of the vehicle, with no shadows.

Heavy-duty design: robust structure (IK07) suitable for workshop environments, resistant to fluid splashes and vibrations.

Adaptable mounting: universal mounting system for fast, stable installation on most Post lifts on the market. Double hook and 360° infinitely adjustable.

Operational safety: Low-energy lighting with dimmer switch that doesn't generate excessive heat, guaranteeing optimum working comfort for the technician.

Premium Durability: Components selected for intensive use in dealerships and technical centers, in line with CLAS quality standards.

The CLAS advantage: Unlike add-on solutions, the OE 0901 provides fixed, long-lasting lighting that frees up the operator's hands. It's the essential investment for improving diagnostic quality and speed of execution on ground liaison stations.

Product highlight Powerful and perfectly aligned

Specifications Specifications :
- 30W COB LED lighting

- output: 500/3000 Lumens
- dimmable
- runtime: 2 to 8h
- charging time: 3h
- charge indicator
- battery: Li-ion 7.4V - 2600mAh
- charging: USB-C
- IP44 / IK07 protection
- mounting: double hook + double 360° rotating magnet
- dimensions: 39x47x520mm
- weight: 480g
- distance between magnets 420mm (handles folded)

Warranty period 2 years

IP IP44

Tariff code Tariff Normal (TN)

Warranty Procedure DIAGNOSTIC

***Public price Exl. Tax : €77**

*Applicable user fees from 01/09/2025 to 31/08/2026
