Pneumatic injector extractor

Reference : OP 9111

Item name	Pneumatic injector extractor
Bar code	3701555323282
Introduction	This pneumatic injector extractor has been specially designed to overcome the most seized injectors on common-rail diesel engines. Thanks to its powerful pneumatic cylinder, it enables fast, effortless extraction, while limiting the risk of breakage or damage to surrounding components.
Text	Key Features: - Vertical pneumatic action: high-speed automatic up-and-down hammering to effectively dislodge stuck injectors. - No engine removal required: comes with an extension and three forks (12 mm, 13.5 mm, 16 mm) that allow you to grip the injector head from below without prior disassembly. - Regulated operating pressure: 5 to 8 bar (< 100 L/min). - Universal compatibility: suitable for Bosch, CAT, Cummins, Denso, and many other injectors.
Product highlight	Supplied in a foam box for optimal storage and protection
Specifications	Specifications: - max. cylinder height: 150mm - min. cylinder height: 135mm - overall flexible length: 780mm
Contents	

Contents:
- 1 high-performance pneumatic cylinder
- 1 mounting extension
- 3 clamping forks (12 / 13.5 / 16 mm)
- 19 parts (screws and adapters) M8/M10/M12/M14/M15/M17/M19
- 1 pneumatic supply hose with quick-connect fitting

Advice Designed primarily for injector extraction on common-rail diesel engines.
May also fit certain gasoline injectors, depending on adapter compatibility.

Warranty period 2 years

Tariff code Tariff Normal (TN)
