| Item name | POINT-PULL BOX WITH INERTIA WEIGHT (GLUE STICKS OPTIONAL) |
| Bar code | 3701555323923 |
| Introduction | <p>This dent removal kit enables the user to repair bodywork that has been dented or dented without even repainting the component.</p> <p>The process consists of gluing plastic pellets to the body using the gun and glue specially designed for bodywork, and connecting the inertia weight or pulling pliers to bring back the painted sheet metal without damaging it. The pad is simply removed with a surface-cleaning solvent (not supplied) and the nylon chisel.</p> |
