Expert dent removal lamp with battery and charger

Reference : OE 1240

Item name	Expert dent removal lamp with battery and charger
Bar code	3701555324104
Introduction	The lamp highlights impacts that are difficult to see with the naked eye.
Text	The lamp is easily attached to the bodywork using its pneumatic vacuum suction cup, or via its integrated magnet, for rapid installation on any type of surface. Mounted on a flexible 40 cm ball-and-socket joint, it can be freely oriented to precisely adjust the luminous flux to the area to be treated. It features 1 to 3 LED strips that can be activated independently, enabling lighting to be modulated as required. Light intensity and color temperature are adjustable to optimize reading of even the finest impacts and deformations. Supplied with an interchangeable ridged reflector, it perfectly highlights sheet irregularities for fast, precise and controlled dent removal.
