Complete Paintless Dent Repair Tool Cabinets, 7 Drawers, 87 Pieces

Reference : EG 8889

Item name	Complete Paintless Dent Repair Tool Cabinets, 7 Drawers, 87 Pieces
Bar code	3701555324197
Introduction	Contents of a complete 87-piece kit designed for paintless dent removal, capable of repairing various types of dents using traction and hot or cold adhesive.
Text	This tool cabinet contains the main tools needed for paintless dent removal when the vehicle’s finish allows for repair without repainting. Its design allows for the repair of both small dents—particularly those caused by hail—and more significant deformations, thanks to various pulling methods: pulling via glued points, precision pliers, inertia hammers, pulling systems, and dent removal accessories. The three foam inserts allow you to store, identify, and quickly access the tools. The entire set is housed in a mobile 7-drawer tool cabinet to keep the equipment organized and readily available in the workshop.
Product highlight	Comprehensive paintless dent removal solution with optimized storage
