

Wireless-compatible digital multi-pressure tester

Reference : AC 0920

Item name Wireless-compatible digital multi-pressure tester

Bar code 3701555324456

Introduction NEW VERSION of our famous AC 0800 digital pressure gauge, now compatible with the AC 0925 wireless option for easy road tests.

This upgraded version also features a more powerful processor, completely redesigned menus for optimum ergonomics, increased memory, and fast USB-C charging.

This universal digital measurement tool can be used to check all types of pressure, whether pneumatic or hydraulic, in order to compare the physical and real values of the circuit with those transmitted by the sensors via the diagnostic readout.

Thanks to this comparison, you can quickly identify the source of a fault, whether mechanical or electrical.

Text This version is designed for the following controls:

- gasoline engine compression
- diesel engine compression via injector, optional see available dummy spark plugs
- oil pressure, to be connected to standard fitting (not supplied) see option if required
- low fuel pressure
- uREE pressure, PSA, others..
- vacuum
- particle filter
- cooling circuit
- turbo

A 2000 bar high-pressure test kit and an engine leak test accessory are also available as

options.

Product highlight Clear, precise readout of live values

Specifications The unit is equipped with an audible and visual sensor identification system following measurement, and calibration is simple and integrated into the unit.
Recording for expert appraisal.

Contents Contents :
- 1 tester 7" color TFT display with resistive touchscreen
- battery: lithium polymer 3.7V / 2000mA
- intelligent USB battery charging with LED indicator
- PC connection via USB port
- ABS case with rubber bumpers
- all screws mounted on brass inserts
- 1/4-thread brass insert on rear for mounting bracket
- 1 sensor 0/300 bar (2m)
- 1 -1/+3 bar sensor (2.90m)
- 1 universal diesel compression adapter
- 1 universal gasoline compression adapter
- 8 extremely flexible OEM quick connectors
All components available at retail price

Advice You can download the software from the following link:
<http://universalpressuretester.com/software.exe>

Download it and install it on your PC desktop, so you can enjoy recording or printing out all pressure values.

You can also update your tablet via this link.

Warranty period 2 years
