

ELECTRIC ARC PROTECTIVE JACKET (S)

Reference : OE 0470

Item name	ELECTRIC ARC PROTECTIVE JACKET (S)
Bar code	3115993194319
Introduction	<p>This jacket offers multi-risk protection without compromising on comfort. Ideal for work on electric/hybrid vehicles, it offers maximum safety against the risks of heat, flame, electric arcs and light chemical splashes.</p> <p>Its cotton/polyester/anti-static blend ensures great sturdiness, while remaining pleasant to wear on a daily basis.</p>
Text	<p>Arc flash class 1 vest, ATPV 14 cal/cm².</p> <p>Standard and ATPV pictograms visible on garment.</p> <p>The resistance of a protective garment is not expressed in Watts or Volts, but in thermal energy (arc flash protection).</p> <p>Our garments are APC 1 certified (tested at 4,000 Amps) with an ATPV rating of 14 cal/cm². This means they offer very high protection against the heat blast of an arc, well beyond the standard requirements for work on hybrid and electric vehicles.</p> <p>This garment must be used in conjunction with certified insulated gloves and tools.</p>
Specifications	<p>Features:</p> <ul style="list-style-type: none">- Fabric composition: 75% Cotton, 24% Polyester, 1% Anti-static- Fabric weight: 315g/m²- High collar- Closure: Injected plastic zipper hidden under snap placket
