Rechargeable Flexible Light Bar, 1000 lumens

Reference : OE 0149

Item name	Rechargeable Flexible Light Bar, 1000 lumens
Bar code	3701555328973
Introduction	Optimize your Engine compartment lighting with this flexible 1000 lumen LED strip light. Combining power and modularity, this dual mounting system (magnetic and strap) offers total lighting coverage for all under-bonnet work, guaranteeing optimum working comfort without cluttering up the work area.
Text	Optimized beam angle: the flexibility of the strip allows the 1000 lumen luminous flux to be aimed precisely at the engine block, eliminating glare for the technician. Zero Constraint" Hybrid Fixing System The product solves the problem of Aluminum or composite hoods where magnets alone are ineffective. Adjustable elastic strap: Allows rapid installation on 100% of vehicles (LV, LCV, SUV), even on non-magnetic hoods. Reinforced magnetic bits: For instant attachment to metal structures or under the chassis when working on Post lifts. Ergonomic & robust design Ultra-compact: Rolls on itself for minimal tool cabinet storage, unlike bulky tubular ramps. Increased strength: no fragile components (brittle glass or plastic tubes). Coating resistant to oils and solvents commonly used in the workshop. Autonomy and mobility

	Lithium-Ion battery: constant performance with no loss of power at the end of charge. USB-C charging: standardization with modern diagnostic tools and smartphones for universal charging in the workshop.
Product highlight	Flexible with double attachment (Magnets + Straps).
Specifications	Specifications: - Aluminum + polycarbonate - adjustable length: 147–210 cm - light strip length: 50 cm - brightness: 100–400–1000 lumens - 10W COB LED - brightness control (100–400–1,000 LM) - runtime: 3 hours / 6.5 hours / 24 hours - charging time: 3.5 hours - battery type: 3.7V 4400mAh Li-ion - IP52 / IK07 protection - swivel mount - wide, scratch-resistant hooks - USB-C cable included - magnetic handles with switch - overcharge and over-discharge protection
Warranty period	2 years
IP	IP52
Tariff code	Tariff Normal (TN)
Warranty Procedure	DIAGNOSTIC
Customer benefit	Allows for hands-free work on large areas. (metal or non-metal)
