Thinktool euro Master 10" diagnostic tool refurbished

Reference : AD0TKT05EMES

Item name	Thinktool euro Master 10" diagnostic tool refurbished
Bar code	3701555329215
Introduction	LCV range: The most intelligent diagnostic tool, supports CAN FD protocol. 10-inch online diagnostic and programming tool.
Text	Thinkcar Euro Master is an advanced diagnostic tool that offers technicians the unique possibility of adding additional modules, making it adaptable to all types of garage and all requirements. The tool enables complete system diagnostics, with in-depth access to each module and parameter. What's more, it offers coding capabilities, allowing you to save, restore and retrieve coding online from the original equipment manufacturer's (OEM) database. Some brands even allow you to deactivate specific settings and further personalize your vehicle. There are 35 service functions, including resets, electronic brake release, AdBlue reset, coolant draining, injector coding, battery adaptation and much more. Additional modules can be added for maximum adaptability: - compatible with optional 24V truck module (AD000TKD03) - compatible with optional t-handle wrenches module (AD000TKT12) - compatible with optional TPMS service (AD000TKTG3) - powerful OE diagnostics with original reading protocols and guided diagnostics. - automatic diagnostic report with wireless printing. - complete system diagnostics for each module and parameter. - coding function to save, restore and retrieve coding online.

- live data with complete visualization (numerical, graphical, recording)

- 35 reset modules:
A/F, adblue, AFS, airbag, ABS purge, battery, brakes, elec pump, DPF, EGR, ETS, Engine, GEARBOX, immo, injectors, language, NOX, ODO, oil, SAS, seats, stop/start, roof, suspension, TPMS, transport, tires, windows, DPF regen, engine balance, throttle body, climate, immo prog, battery diagnostics, intelligent regulator.
