9 L ultrasonic cleaner basket

Reference : SA 7206

Item name	9 L ultrasonic cleaner basket
Bar code	3701555329529
Introduction	9L OE 7201 ultra bran basket
Text	This ultrasonic cleaner is specially adapted to the requirements of garages and engine refurbishment workshops. Its large tank (620 mm long) makes it easy to immerse a complete cylinder head, providing uniform cleaning even in internal ducts (oil, water, intake). The 40 kHz frequency provides an excellent compromise between blasting power and surface protection, ideal for sensitive mechanics. The different modes (semi-wave, full-wave, ultrasonic boost) enable you to adapt the cleaning precisely to the level of soiling. The degassing function improves bath efficiency by eliminating dissolved air, while heating regulated up to 80°C optimizes the dissolution of grease, oil and combustion residues.
Product highlight	Time-saving compared with manual or chemical cleaning
Specifications	Specifications : - Useful capacity: 57 liters - Tank dimensions : L620 x W500 x H230 mm - Unit dimensions: L650 x W530 x H335 mm - Ultrasonic power: 840 W

- Heating power: 1000 W
- Frequency: 40 kHz
- Adjustable temperature: 20 to 80°C
- Timer: 1 to 99 minutes
- Net weight: 21 kg
- Gross weight: 23 kg

Functions :
- High-intensity ultrasonic cleaning
- Degassing mode (optimal bath preparation)
- Semi-wave mode (fragile parts)
- Full-wave mode (standard cleaning)
- Boost mode (heavy soiling)
- Automatically regulated heating
- Programmable cycle

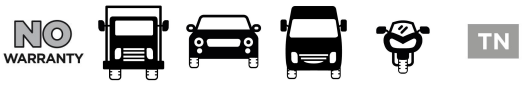

Warranty period No warranty (consumable)

Color GREY

Tariff code Tariff Normal (TN)

Warranty Procedure EASY

Customer benefit Large bowl for cylinder heads and engine parts
