Truck Brake Disc/Hub/Drum Mounts for HGV

Reference : OH 8020

Item name	Truck Brake Disc/Hub/Drum Mounts for HGV
Bar code	3701555331041
Introduction	Specially designed to hold the entire hub assembly (hub, disc, and caliper) when replacing bearings on heavy trucks, buses, and industrial vehicles. The entire assembly can be disassembled directly on the stand with minimal effort, using a winch to remove the caliper and disc. Reduces the risk of accidents (back injuries, caliper falling on feet, etc.).
Text	Height-adjustable with a built-in, manually operated hydraulic cylinder. Excellent maneuverability in tight spaces thanks to four swivel casters (the rear ones have brakes) Suitable for all types of buses, trucks, and industrial vehicles, it ensures great versatility in workshop operations
Product highlight	Reduces work time by up to 70%
Specifications	Specifications: - Stroke: 125 mm - 4 swivel casters, 2 of which have brakes - Dimensions: 550 x 350 x 1043 mm - Weight: 70 kg - Load capacity: 150 kg
Advice	For work on drum brakes, a dedicated kit is available as an option. OH 8120
Warranty period	2 years

Vehicle type	HGV
Length (mm)	550 mm
Width	350 mm
Product weight (kg)	70 kg
Maximum load (Kg)	150 kg
Tariff code	Tariff Normal (TN)
Customer benefit	Equipped with a built-in, removable winch, it allows you to raise and lower brake discs safely, precisely, and in a controlled manner, using a clamping vise

***Public price Exl. Tax : €3,390**
