Two-Part Series on HGV Brake Hub Repairs

Reference : OH 8004PL

Item name	Two-Part Series on HGV Brake Hub Repairs
Bar code	3701555331072
Introduction	A complete handling kit specifically designed for braking and bearing service on heavy-duty trucks, buses, and industrial vehicles. This kit combines a hub stand and a caliper mount to ensure faster, more ergonomic, and safer service during removal and

	reinstallation.
Text	A comprehensive solution for supporting and handling the hub, rotor, and caliper during maintenance operations on commercial vehicles. Thanks to their built-in, manually operated hydraulic cylinders and excellent mobility on swivel casters, both stands facilitate work in any configuration. They significantly reduce physical strain, ensure safe handling of heavy loads, and allow a single operator to perform maintenance operations under optimal conditions.
Product highlight	Complete hub stand + caliper mount kit
Advice	Ideal for heavy-duty truck repair shops, bus maintenance centers, and industrial vehicle fleets that regularly perform work on braking systems and hub/bearing assemblies. Use both stands together for faster, safer, and more ergonomic service.
Warranty period	2 years
Vehicle type	HGV
Tariff code	Tariff Equipment (TE)
Composition of nomenclature	1 x OH 8020 - Truck Brake Disc/Hub/Drum Mounts for HGV 1 x OH 8101 - Heavy-Duty HGV Brake Caliper Mount 1 x OH 8120 - Drum Brake Mounting Kit with Strap
Warranty Procedure	DIAGNOSTIC
Customer benefit	Optimize workshop productivity by reducing service times, handling efforts, and the risk of accidents during work on heavy-duty trucks.
