

Pneumatic portable vacuum

Reference : EG 0407

Item name	Pneumatic portable vacuum
Bar code	3700461412820
Introduction	Allows vacuuming in hard-to-reach places (candle wells, etc.)
Text	Designed for automotive mechanics and engine maintenance professionals, this portable pneumatic vacuum cleaner is the essential tool for safely cleaning sensitive engine areas prior to any intervention. Directly connected to the workshop's compressed air network, it sucks and blows without the need for a power source.
Product highlight	Long bits for spark plug wells & injectors
Specifications	Precision tapered Nozzle: fits into narrow gaps around injectors Flat bevelled bits: Flat surfaces, cylinder head seals, nooks and crannies. Filtering brush bits : Particle filtration - integrated white filter Reinforced fabric dust bag
