<b>Item name</b>	Ts 7 key set Ts10-Ts15-Ts20-Ts25-Ts27-Ts30-Ts40
<b>Bar code</b>	3700461425950
<b>Introduction</b>	This set of 7 male wrenches is specifically designed for Torx Plus 5-lobe security screws, increasingly common on injection systems and ECUs. It allows you to work on protected components without damaging the specific indentations.
<b>Text</b>	TS indentations (5 lobes with central hole) differ from conventional Torx (6 lobes) and require precise tooling to prevent slipping. This set of wrenches offers a complete solution for work on injection pumps, flowmeters or certain anti-theft systems. Made from high-performance steel, these wrenches guarantee excellent torque transmission and long service life. Their L-shaped format provides easy access to screws housed in tight spaces, while offering sufficient leverage for difficult loosening operations.
<b>Applications</b>	These 5-star Nozzles are found on Renault, Peugeot, Mercedes, Rover and diesel injection pumps.
<b>Warranty period</b>	No warranty (consumable)
