Universal engine support arm cars-lcv

Reference : OM 7200

Item name	Universal engine support arm cars-lcv
Bar code	3700461426216
Introduction	Suitable for vehicles with transverse engines, replaces the use of pit jacks and engine support bars.
Text	The cross-member supports the engine or gearbox during work on the clutch, gearbox, removal and replacement of engine and gearbox mountings, replacement of timing belts, water pump etc..... The position and height of the Engine and gearbox can be adjusted from underneath the vehicle, using the articulated shoe mounted on a threaded nut. The length of the crossbar, the position of the large-diameter stop pins to prevent perforation of the floor, the mounting hooks and the support pad are fully adjustable, to allow a wide range of applications.
Product highlight	1 single operator Time saving
Specifications	Specifications : - ball-jointed head 350kg force - extensions 630-960mm - rubber coating - height-adjustable
Warranty period	2 years

Maximum load (Kg) 350 kg

Tariff code Tariff Normal (TN)
