

Diesel glow plug torque limited sockets set Ø8-10-12mm 3/8" d.

Reference : OM 9103

Item name	Diesel glow plug torque limited sockets set Ø8-10-12mm 3/8" d.
Bar code	3700461456619
Introduction	This set includes sockets which enable glow plugs to be tightened to the torque recommended by the manufacturer, without the use of a torque wrench, as they are already calibrated. They can also be easily loosened. During tightening, when the socket reaches its maximum torque, it rotates in a vacuum, thus avoiding any risk of breakage.
Product highlight	Spark plug retaining system
