Wheel mounting guide set M12-M14

Reference : OM 9320

Item name	Wheel mounting guide set M12-M14
Bar code	3700461491658
Text	Specially designed guides to facilitate and accelerate the centering/mounting of wheels on the hub. Particularly suitable for VAG hubs, where the disc has no locking/centering screw and may rotate when the wheel is fitted, making bolt insertion difficult. The entire weight of the rim rests on the guide, reducing the risk of musculoskeletal disorders (MSD) and leaving the operator's 2 hands free to insert and tighten the bolts.
Product highlight	Prevents wheel falls, prevents RSI
Specifications	Can be inserted without screwing. Equipped with a plastic ring, they won't damage hub threads. For wheels with M12 and M14 bolts.
Contents	Contents: - Magnetic holder - M12 guide - M14 guide - 2 spare M12 rings - 2 spare M14 rings
Options	Insert without screwing
Warranty period	No warranty (consumable)

More	Magnetic
Tariff code	Tariff Normal (TN)
Warranty Procedure	NO
