Gasoline Compression Tester

Reference : AC 0114BL

Item name	Gasoline Compression Tester
Bar code	3700461470066
Introduction	Manual diagnostic tool for fast, accurate measurement of cylinder compression pressure in gasoline engines. It helps to check the internal condition of the Engine before any repair.
Text	Designed for gasoline engines, this compressiometer provides a direct reading of the compression of each cylinder, making it easy to detect leaks linked to piston rings, valves or head gaskets. Easy to use, it's indispensable for reliable Engine diagnostics in the workshop.
Specifications	Specifications : - pressure gauge from 3 to 20bar - discharge valve - universal straight adapter - 14 and 18mm screw fitting
Warranty period	2 years
Fuel type	Gasoline
Tariff code	Tariff Normal (TN)
Product range	B-Line
Warranty Procedure	EASY
